Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Wednesday 10 Feb 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Cold with wintry showers at first, turning to rain later.

This Evening and Tonight:
A largely dry and clear night for most. Later, some wintry showers move into southern parts of Devon and Cornwall. Very cold, with widespread frost and ice patches, turning windier into the early hours. Minimum temperature -4 deg C (25 deg F).

Thursday:
A mostly dry start with the best of any sunshine further east. Rain and snow moving into Cornwall later. Very cold, with strong winds and coastal gales. Maximum temperature 4 deg C (39 deg F).

Outlook for Friday to Sunday:
Rain and snow petering out in the west, but returning again on Saturday. Turning milder through Sunday, with further wet weather moving eastwards across the region. Windy throughout.
